11:22am, 10 January 2020

### [Guidance on changes in the law for personal health budgets](#)

A change in the law means two new groups have a legal right to a personal health budget.

11:21am, 10 January 2020

### [Survey on stop-smoking services](#)

The Mental Health Consortium is investigating how to help people with severe mental illness to stop smoking.

11:18am, 10 January 2020

### [Some doctors are being treated unfairly, says GMC](#)

Rudeness, incivility, belittling and humiliation are among the workplace experiences faced by some doctors in specialty and associate specialist (SAS) and locally employed (LE) roles, according to a survey by the General Medical Council (GMC).

10:56am, 10 January 2020

### [Podcast: a clinical director takes a critical look at the network DES](#)

We're halfway through a consultation on the terms of the contract primary care networks will sign up to in April, but the draft guidance published just before Christmas is raising some difficult questions.

13:38pm, 9 January 2020

[Resilience will be key to the success of primary care networks](#)

An important role for primary care networks is to enable the stabilisation of general practice by enabling stronger practices in the network to support others that may be struggling.

13:37pm, 9 January 2020

[GPhC launches fees consultation](#)

The General Pharmaceutical Council (GPhC) is consulting on proposals to increase registration fees for pharmacy premises from £262 to £365.

13:35pm, 9 January 2020

[Guidance on changes to the junior doctors contract](#)

Guidance from NHS Employers is designed to support employers to appoint and develop flexible training champions.

13:33pm, 9 January 2020

[Exploring the benefits of population health management](#)

A new film highlights how professionals in Berkshire West integrated care system are using population health management (PHM) to identify patients in need of targeted support.

13:31pm, 9 January 2020

[Headache and migraine toolkit](#)

Headache and migraine sufferers could soon benefit from more targeted care thanks to a new toolkit.

12:01pm, 8 January 2020

[Getting to grips with project management](#)

This one-day course on 30 January in Reading and 11 March in Warrington will review the basic principles covered in our

introductory course before going on to consider examples of learning from real projects and discuss different scenarios.

12:00pm, 8 January 2020

[Latest news from dental contract reform programme](#)

NHS BSA has released the latest news from the dental contract reform programme.

11:59am, 8 January 2020

[Review of collaborative commissioning for sexual health, reproductive health and HIV](#)

In 2016, Public Health England (PHE) and partner agencies undertook a survey of sexual health, reproductive health and HIV commissioning, and published an accompanying action plan.

13:49pm, 7 January 2020

[Number of NHS App users more than double in three months](#)

The number of patients using the NHS App has more than doubled since chief nurse Ruth May announced the NHS App Ambassadors scheme in early September.

13:47pm, 7 January 2020

[PHE easy to use data tool supports population health planning](#)

Nursing teams are increasingly involved in planning disease prevention measures across their primary care network area as part of the population health planning remit.

15:39pm, 6 January 2020

[The secrets of successful change agents](#)

Seventy percent of change programmes fail. Successful change leaders are able to adapt to changing circumstances and to bring their teams with them. This requires sound judgement, decision-making skills in an uncertain environment, personal resilience and an

ability to understand and support others at different stages of change.

15:35pm, 6 January 2020

### [£40 million investment to reduce NHS staff login times](#)

The government will provide £40 million to transform slow login times, one of the main technology frustrations facing NHS staff.

15:29pm, 6 January 2020

### [Additional evidence needed to assess histology-independent cancer drugs](#)

Additional evidence collection will be needed to assess histology-independent cancer drugs - a new kind of cancer treatment - a paper published and co-authored by NICE staff has said.

15:28pm, 6 January 2020

### [Immunisations - guidance from Public Health England](#)

Public Health England has issued guidance with examples to help health and care professionals make interventions to promote the benefits and increase uptake of immunisations.
